Recommended retail price: $ 0 incl. 0.0% VAT

You've had a Lakewood guitar for a long time and now you cannot find it within our guitar range? Maybe you are luckier here. . . This is a list of older guitar models that have been taken out of the series program. Most of them are still available via our customshop.
The Lakewood D-M was the basic model from 2002 until 2005. Standard neck width was 44mm, although by request we fittet a lot of "new profile" necks, which are 46mm wide.
