Rosewood with a superb high gloss finish and gold-plated tuners are the hallmarks of our Deluxe series. The immaculate finish provides an optical impact in keeping with the tonal quality. This is a perfectly coordinated guitar ? the ideal partner for a long term relationship.

The new M-35 CP is our discovery of the year! A discovery, because oak as a tonewood was a true unbelievable surprise during our experimental period. This guitar now produces a fantastic complex and rich tone that can compete with any rosewood guitar.
